A country of the European Union as a TAX paradise

A look at Lithuania

In the first year, Lithuania **does not** levy corporate income tax.

The Lithuanian LLC (UAB) is subject to a standard taxation of 15% on profits.

However, if the turnover is less than EUR 300,000 per year, the corporate tax rate is only 5%.

For which business is Lithuania suitable?

If you want to employ qualified personnel who do not have to be on site in Germany or Austria, Lithuania is the ideal location.

Lithuania

Lithuania is the southernmost of the three European Baltic states.

The former Soviet republic borders Poland, Latvia and Belarus.

The capital Vilnius with its medieval old town is not far from the Belarusian border. In addition, you will find architecture in the Gothic, Renaissance and Baroque styles in the city.

The 18th century cathedral was built on the site of a pagan temple. Perched on a hill, the Gediminas Tower offers expansive views and is a landmark of the city and the country.
